Producers: Zebra producciones, RTVE

The story takes place in 1913. The Silva sisters are the life of the party at the main high society events. Pretty, well-mannered, kind and refined, our six sisters enjoy a trouble-free life, until this terrible event happens that changes their lives forever. A story of self-improvement, of struggle and deception. Love, comedy and, above all, emotions. Six sisters who are determined to change things.
