Producers: Globomedia (The Mediapro Studio), Antena 3

"One Step Forward" follows the lives of a group of young adults, of various regions and social status, who enter a boarding school of the arts. The series reflects their aspirations, frustrations and conflicts as they give their body and soul to become the artists they dream to be. Drama and comedy arise among both the students and the faculty, along with a fabulous set where music, dance and image play an important role.
