The corpse of a young girl appears floating in the bay of Malaga. It's Noelia, the only daughter of an important local businessman. At the same time, on the other side of the city, the truce breaks between two hashish mafia gangs: someone has introduced a new product, a strange pollen that comes in golden ingots. "El Oro", as they call it, threatens to burst the market and trigger a war. Dario, a corrupt policeman who knows the street thoroughly, and Blanca, an elite agent recently arrived from Madrid, are forced to work together in both cases.
